

Dear New Patient,

We are happy to welcome you to our office! You will find our staff friendly, warm, and totally dedicated to making your visit with us a pleasant one.

As a way of introduction, you will find Candice and Colleen at our front desk when you arrive. Colleen handles all of your hygiene appointment needs. Candice handles all your other appointment needs, as well as your financial arrangements, including the handling of any insurance you may have. Shanna & Celeste are my dental assistants. We work as a team to make all your dental appointments comfortable, painless, and pleasant. Lesley and Erica make up our hygiene department. They truly are the most caring and gentle hygienists you will come to know.

You will see that we have the finest team of professionals, working together to make certain you receive the highest quality care.

You will find a map locating our office on our website. You will also find the Patient Information and Medical History forms we need as part of your new record. Please complete these forms prior to your visit and present them to Colleen at your initial appointment. If you have insurance, please be sure to bring your dental insurance card with you as well.

Again, we are looking forward to meeting you! If you have any questions, please be sure to call either Candice or Colleen and they will assist you.

Sincerely,
Dr. Trevor Andrews
